

Caudill Orthodontics

KIDS CLUB

Our Kids Club is designed to monitor our young patients' growth and development when they are too young to start treatment and in turn, each patient will become comfortable in our office and more knowledgeable about their future orthodontic treatment. At each observation appointment (usually every 6-12 months), Dr. Ryan will keep an eye on any issues discussed at the initial exam, as well as discuss any additional concerns with the patient and parents.

As a member of our Kids Club, each patient will have an opportunity to earn tokens that can be redeemed for rewards. Also, they will receive a membership card that will keep track of baby tooth loss. At their appointments, tokens will be awarded for the following:

1. Arrive on time for appointments (1 token)
2. Receive a good grade for oral hygiene (1 token)
3. Each baby tooth lost since last appointment– please bring Club card to each appointment (1 token)
4. Good check-up at Dentist, print the voucher on our website (5 tokens)
5. Refer a new patient who starts treatment at our office (20 tokens)
